ETIOS

CROSS

MODEL SHOWN ETIOS CROSS 1.5 Xs

STREETS AHEAD

Make way for the brand new Etios Cross that's hitting the streets in South Africa.

It's the adventure-loving, excitement-seeking vehicle you've been waiting for, at a price that's right.

It's not just great value for money, but is also guaranteed to have you smiling from ear to ear. The athletic new 1.5 litre Etios Cross has more than enough power to tackle any quick mission, as well as enough space to take your whole family along for the ride. Read on and find out what this city-conqueror has to offer.

CROSS

NOW WITH MORE MUSCLE

The Etios Cross is ready to make its mark on the urban cityscape with a masculine new look. The athletic style includes sleek roof rails, a striking rear roof spoiler, new Cross moulded rear and front bumpers, the bold Cross grille, side turn mirror lamps and 15" alloy wheels. The Cross is kitted out and ready to go - are you?

The 1.5 litre Etios engine gives you exceptional power at a great price. It was specially designed for the Etios and delivers power of 66 kW @ 5600 r/min and torque of 132 Nm @ 3000 r/min. The engine is also equipped with an Electronic Fuel Injection (EFI) system.

EFI supplies a continuously accurate air/fuel ratio to the engine no matter what the operating conditions. This provides better driveability, fuel economy and emissions control. You'll use much less fuel, put out fewer emissions for cleaner air and still have all the performance you need to get around.

The Etios Cross is light on fuel and light on your pocket, using only 6.0 litres of fuel per 100 km. You could cruise from the Melville Koppies all the way to Ushaka on just one tank of fuel*. And better still, all the money you'll save on petrol can be used for other adventures, like front row seats at the Soweto Derby or bungee jumping off the Orlando Towers.

MODEL SHOWN ETIOS CROSS 1.5 Xs

*The fuel consumption values of your vehicle may vary from those measured here. Driving behaviour as well as other factors such as road conditions, traffic, vehicle conditions, installed equipment, load and number of passengers play a role in determining a car's fuel consumption.

CROSS

Take your time to admire
the interior of your new Etios.

There are driver and front passenger door pockets that are perfect for all your daily essentials. The Etios will keep your cold drinks chilled on the road with a glove box that has a built-in cooling function. And with 7 cup holders, everyone can have a refreshment for the trip.

The Etios Cross is big and comfortable* so you can load in all the friends and family you want. To keep everyone cool, the Etios Cross comes standard with air con. The air vents have been specially designed to be adjustable so that the airflow can be directed to where it is needed. This means that cool air can circulate throughout the vehicle. The Etios Cross also comes with electrically adjustable front and rear windows so fresh air is just a button click away. Enjoy your favourite tracks on the built-in radio and CD player. And to make things easier while driving the Cross comes standard with Bluetooth. Electric power steering with tilt adjustment is also standard making turning as easy as can be and a steering wheel that can be perfectly adjusted in a way that works for you.

TOYOTACARE

Keeping your Toyota Genuine

Buying a Toyota signals the start of an exciting journey, from the moment you take ownership of your vehicle until the day you trade it in. With ToyotaCare, our endeavour is to provide specialised vehicle maintenance and outstanding customer service throughout this journey. Keep Your Toyota Genuine with our range of Genuine Products and Approved Services to ensure an unparalleled ownership experience and complete peace of mind.

Toyota Genuine Products

For guaranteed fit and function, Genuine Parts are essential in maintaining the safety and reliability of your vehicle. Genuine Parts comply with all safety, regulatory and environmental requirements, making it the obvious choice. The same exacting precision applies to Toyota Accessories, developed by engineers with extensive knowledge on vehicle integration – you can enhance the appeal and functionality of your Etios without compromising its safety features or warranty. Warranties are about peace of mind, and the Genuine Extended Warranty is designed to provide superior cover (up to 6 years or 220 000 km) and a seamless claims process thanks to full integration with Toyota systems. The Genuine Extended Service Plan also enjoys exclusive approval by Toyota SA and provides flexible extension options up to 7 years or 200 000 km to suit your period of ownership. Paying today's rates for tomorrow's maintenance is a sensible way to protect the resale value of your Etios by means of a full service history.

Toyota Approved Services

Specialised vehicle maintenance requires first-class facilities, advanced equipment and expert knowledge. Toyota Quality Service not only promises accurate diagnosis and repair, but also a philosophy of building trust through a genuine concern for the needs of our customers. To complement the extensive network of Toyota dealers, we have vast number of Accredited Body and Paint Repairers, selected on stringent criteria to ensure outstanding workmanship and customer service. You can maintain your vehicle's pristine condition without compromising its warranty thanks to the exclusive use of Genuine Parts by our Accredited Repairers. Offering 24-hour access to a full complement of assistance and recovery benefits, Toyota Roadside Assistance provides the peace of mind that competent support is only a phone call away.

For more information on Toyota Genuine Products and Approved Services, visit www.toyota.co.za/genuine

Download the **MyTOYOTA** App from the Google Play Store or the Apple App Store to receive the latest Toyota news, keep an eye on your vehicle's finance and book your vehicle for a service. You can also book a test drive or arrange roadside assistance, all on your phone.
